Unless stated otherwise, all stats are cumulative totals from January 2020 and are updated at the end of each month.

## What's happening in June

- We're preparing for our next round of geotechnical investigations around Wyangala Dam.
- We're continuing to engage with local businesses for Wyangala's Water Treatment Plant. The Project team encourage local businesses to register [here](#). We regularly update and provide this register to Enviropacific Services so they can maximise local business opportunities.
- Meetings with key stakeholders are ongoing.
