

# Version J: Logbook template for recording information

---

## Who should use this logbook template version?

This is a **logbook template** to assist access licence holders and water supply work approval holders in the following water sharing plan area to comply with requirements to record specified information in a logbook:

- *Water Sharing Plan for the Lower Murray-Darling Unregulated River Water Sources 2011*

## Check which information you need to record

Some types of access licences or water supply work approvals in this water sharing plan area do not need to record all of the information specified in this logbook template. You may wish to check the information you are required to record in a logbook under the conditions which apply to your access licence or approval.

## More information

For more information on using a logbook template, see the factsheet *Keeping a logbook about water take*.

## Logbook record – when you take water

Each time you take water, record the following information:

<b>Date</b>	
<b>Authorisation</b>

Dates of planting and harvesting	
<b>Name of person who recorded information</b>	

*Important: Logbook records must be kept for 5 years from the date to which the recorded information relates.*

## Logbook record - annual

At the end of each water year (30 June), record the following information:

Date	
Authorisation	
Access licence number under which water is taken	
Take of water – yearly reporting	
Year (1 July to June 30)	
Volume of water taken during year	
Maximum volume of water permitted to be taken during year	
Name of person who recorded information	

*Important: Logbook records must be kept for 5 years from the date to which the recorded information relates.*

***The logbook templates are an interim solution to assist access licence holders and approval holders to comply with logbook conditions until new metering requirements and other reporting requirements apply.***
